“It’s fun everyday, even
when it’s raining!”

How did you find out about the ELF?

We saw them around town and I thought they were cool. Jeb [my husband] thought they were silly until Rob came and spoke to the Lions Club. Then he decided that we could save some money if we sold my car and got an ELF. I want to save the earth, and he wants to save money, so we are both pretty happy.

How do you use the ELF?

I drive it to work everyday. I work only 3 miles from home so it makes sense.

What do you think about the ELF’s price?

Expensive at first. Then you realize you’re not spending money on gas, insurance, taxes, new tires, oil changes, etc, etc.

What do you have to say to potential ELF owners?

I love my ELF everyday. It’s so cute! It’s fun everyday, even when it’s raining! They should try one out and see if it works with their life style!
